To Whom It May Concern

The BRICS Chamber of Commerce and Industry (BRICS CCI) is pleased to formally recognize and commend **Suveer Saigal, a Grade 12 student at The Shri Ram School Moulsari**, for his exceptional contributions to youth-led social entrepreneurship, community development, and grassroots impact initiatives in India.

As part of our commitment to nurturing future leaders and fostering meaningful youth engagement across BRICS nations, the **BRICS CCI Youth Leadership Dialogue** serves as a platform to identify and celebrate young changemakers who are driving transformative impact within society. In alignment with this vision, we are proud to acknowledge Suveer's remarkable work through Neev Ventures and his collaborations with esteemed organizations such as Navjyoti India Foundation and India Vision Foundation.

Suveer's initiatives reflect a deep commitment toward creating sustainable and inclusive opportunities for underserved communities. Through structured workshops, entrepreneurial outreach, skill development programs, and on-ground engagement, he has demonstrated an extraordinary ability to translate ideas into action and create meaningful social impact at a young age. His work highlights not only leadership and innovation, but also empathy, responsibility, and a strong understanding of grassroots challenges faced by marginalized sections of society.

In recognition of his outstanding efforts and inspiring leadership potential, Suveer was invited to participate in the **BRICS CCI Youth Leadership Dialogue 2.0**, a prestigious platform dedicated to empowering future leaders through interactions with eminent personalities from governance, diplomacy, policymaking, and industry. The Dialogue brought together exceptional young minds from across the country who have shown promise in the fields of leadership, entrepreneurship, social innovation, and nation-building.

Among a highly accomplished cohort of youth leaders, Suveer was conferred with the title of **BRICS CCI Young Fellow – Changemaker in Social Impact and Entrepreneurship**, in recognition of his impactful contributions and dedication toward community-driven development. Notably, he remains one of the youngest participants and among the few school-level awardees to receive this distinction from the BRICS Chamber of Commerce and Industry.

Suveer's journey stands as an inspiring example of how young individuals can become catalysts for meaningful change through vision, perseverance, and purpose-driven action. His ability to combine innovation with social responsibility reflects the very spirit of the BRICS CCI Youth Leadership Dialogue and its mission to cultivate globally aware, socially conscious, and action-oriented future leaders.

We commend Suveer for his initiative, dedication, and inspiring leadership, and we are confident that he will continue to make significant contributions in the fields of social entrepreneurship, youth leadership, and community development in the years ahead.

Warm regards,
